

PROPOSAL FOR INDUSTRIAL ENGINEERING CAREER FOCUS

2006 Catalog Year

ARIZONA STATE UNIVERSITY
INDUSTRIAL ENGINEERING

Each student is expected to formulate a set of three courses (9 semester credit hours), which support his/her career option as a focus area. Each student needs to submit a proposal to the IE department which explains and supports the focus and the courses selected (sample focus areas are shown in the catalog). The IE Associate Chair for Undergraduate Studies must approve the proposal before the student begins study in the focus area.

Please type or print. List three courses for evaluation. At least two of the three courses must be Upper Division.
